WE ARE HIRING!

We're looking for someone to join our team as a

JUNIOR SERVICENOW DEVELOPER

apricot jam

We invite you to join our dynamic ServiceNow IT startup based in Minneapolis, operating both in the US and internationally! We're on the lookout for ambitious intern software developers eager to gain hands-on coding experience in a variety of ServiceNow and IT projects. Come and work with our talented team!

Requirements:

- Develop, implement, and maintain customized ServiceNow solutions.
- Adhere to established best practices and naming conventions on the platform.
- Translate business requirements into completed projects.
- Engage in daily stand-up meetings with technical teams.

We're seeking someone who:

- Is in their final year of computer science or a related discipline.
- Excels in written and verbal English.
- Demonstrates strong problem-solving skills.
- Is a positive and proactive team player.
- Possesses basic knowledge of JavaScript, HTML/CSS, and SQL.

This position is ideal for individuals who are eager to learn and dive into the world of IT! We are excited to offer a highly competitive and well-compensated position with flexible working hours, the ability to work remotely from home, and exciting opportunities to travel abroad.
